Cürex: buy-side only focused liquidity delivering best execution and data analytics

The Cürex liquidity pool - lowering market impact for buy-side execution strategies

- No 'last look' streaming fully executable prices from 15 of the largest FX institutions
- > Fully anonymous matching no sell-side access to market data/client orders
- **>** Buy-side to buy-side matches
- > No sell-side to sell-side trading

Data analytics - independent data analytics for the buy-side

- ➤ Real-time pre-trade 'prevailing market conditions' analysis to identify the right strategy/execution characteristics, supporting best execution while meeting MiFID II requirements
- **>** Post-trade actionable analytics provide a deep dive through all KPIs across algo banks, strategies and execution venues with the goal to immediately improve follow-on executions

LMAX Group - broader, more diversified global market access

Since 2023, Cürex has been part of LMAX Group, the leading independent operator of multiple institutional execution venues for FX and digital assets trading.

The combination of LMAX Group and Cürex brings together the distribution scale and technical capabilities of both businesses to create a stronger, more diversified, firm liquidity institutional offering for FX and digital assets.

The Group's portfolio includes **LMAX Exchange** (institutional FX exchange, FCA regulated MTF and MAS licenced RMO), **LMAX Global** (FCA and CySec regulated brokers) and **LMAX Digital** (GFSC regulated institutional spot crypto currency exchange).

- **Unique coverage:** high performance global exchange footprint with wide coverage and matching engines in London, New York, Tokyo and Singapore
- **Proprietary technology:** widely recognised for industry innovation, delivering ultra-low latency execution, high capacity and robust, consistent exchange performance
- Cross-asset marketplace: Spot FX, FX Non-Deliverable Forwards, spot crypto currencies, metals, commodities and indices
